# Kelly Wilson

## Biographical Sketch, Southwest RAC Member

Kelly Wilson is a former Montezuma County Commissioner who previously served over five years on the Southwest RAC representing citizens in Category 3, elected official. Wilson was recently reappointed to serve his southwestern Colorado constituents in Category 3, public-at-large. Wilson commits even more time to our public lands by serving on the Canyons of the Ancients National Monument Advisory Council. He is a farmer and business owner as well.

For Wilson, public land management issues center on multiple use with timber, oil and gas, grazing, hunting, both mechanized and non-mechanized recreation, and wildlife all important. "I believe in the RAC and have enjoyed working with diverse groups and coming to a consensus," said Wilson.

Wilson is proud to be his family's fourth generation in Montezuma County, and he enjoys exploring public lands on his ATV.
